

## Tennis Center at College Park Club Policies

1. All participants of the Champions Program automatically received a free family membership to the club, and all of the privileges that this entails.
2. As a family member, siblings and parents receive the discounted member pricing for private lessons, as well as, a 35% discount on programs. Please understand that this is the standard club pricing and no additional discounts will be given on club programs. Please understand that as the club becomes more financially viable, the profits from the club are another funding source for the Champions Program.
3. Respect the club – the club currently serves 350 members in addition to the families of the Champions Program. Please help us to keep the club clean and orderly out of respect for all of the members that play here.
4. Respect our club policies – please do not jump on an indoor or outdoor court without first reserving and paying for the court through the front desk first.
5. Please encourage your children to be respectful of the staff and facility at all times.
6. Every member and guest is a potential supporter of the program. Please be friendly and positive regarding the program and the club.
7. Please encourage your children to observe proper tennis etiquette at all times.
8. Please remember that all programs follow Prince Georges County weather policies for postponement, early dismissal and cancellation.
9. Help us keep the lobby clean and quiet.
